AND CONTINUING UNTIL FIFTY HAVE BEEN DISPOSED OF, WE WILL SELL

CHOICE INSIDE LOTS
AT $100 EACH, AND

Elegant Corner Lots
AT $150 EACH,

IN AN ADDITION TO THE CITY OF TACOMA, OF WHICH THE FOLLOWING IS A CORRECT GENERAL DESCRIPTION, TO-WIT:

Surface practically unbroken, slopes gently to south and east. Excellent soil especially adapted to fruit, garden, hay and dairy culture (cold berries, vines and grapes now growing in profusion).

An unfailing water supply at 15 to 25 feet. In within one-half mile of one of the principal railroad business centers, at which there has already been established a public school and church buildings at a cost in construction of some $4000.

Is situated adjacent to and immediately between two principal motor lines, one of which is already in operation. In fact, this is one of the most likely additions to the city of Tacoma, and immediately upon sale of the first fifty lots, guesses will be advanced 50 to 75 per cent.

Mr. Lester, number of congressmen from Chicago, had occasion to say that the saline of a swimming resort is in a way, just as important to the health of the body as water is to the system. It is the one thing that all our men need, and the one thing that we should have. Mr. Lester said that the saline of the body is in a way the same as the water of the body. Yes, very gently.

There are many and energetic and very successful in the city, and we are glad to have them. They are organizing well and they are making a great deal of progress. We are glad to have them. The city is getting a great deal of good.

John L. Sullivan is in jail and will be out on bail.
