IS IT SAFE?

AND

WILL IT PAY?

Are the two questions immediately arising in the minds of parties seeking investments that "knock out" many a well-grounded proposition. Happily when well selected Washington territory really is the subject under consideration an unqualified yes is the quick, decisive, inviolable reply.

AND WHY?

Because greater diversified natural wealth and bolder mental opportunities were never showered upon any land, and between this and the Mississippi there are no longer other fields to choose, hence, by the combined, concentrated aid of the
